

Almadraba Park Hotel

Fabulous location

Located on an outcrop jutting out into the Mediterranean Sea, the hotel has amazing views of one of the most beautiful bays in the world: Roses Bay. A hotel that is renowned for its cuisine using market produce and, especially, fish from the Costa Brava. Tradition and authenticity permeate the service and facilities, offering unique experiences that are difficult to come by. Spacious, comfortable rooms and a wide range of activities where you can enjoy sports, sea and the best beach Roses: Almadraba.

Almadraba Restaurant

Fish and market cuisine

A point of reference on the Costa Brava, it is the hotel's most renowned restaurant, serving cuisine made with local, seasonal, market and top-quality produce. It is worth highlighting the fish dishes – and especially the Almadraba tuna (caught and hand-picked using an ancient traditional method). The innovation and tradition established by the chef and founder, Josep Mercader, still continues in its personal service with dishes being prepared right in front of the diner.
